

25Live

The Smartest Way to Manage Event Scheduling and Calendars, Across Your Campus

The 25Live® web-based scheduling, calendaring and publishing program makes scheduling on your campus easier, more accurate and more efficient. With 25Live, the courses and events you schedule can be automatically posted to calendars campus wide. You can view and update calendars from anywhere you have internet access, assign event-specific tasks, reserve equipment and other resources, and more. Users can even view room availability and request space from their smart phones or tablets. Built according to the latest Web 2.0 technologies, 25Live operates 100% over the web, accessing data stored in your Series25® database.

With 25Live You Can:

- Track availability of venues and resources
- Schedule or request an event or space on single or multiple dates, using any desktop or mobile device with internet connection
- Specify audio/visual equipment, catering and other resources needed for each date
- Assign/restrict event viewing, scheduling and editing rights to specific groups
- Publish events to campus online calendars created and administered via 25Live Publisher
- Assign and/or respond to event related tasks
- Print confirmation reports
- Perform custom searches for events, locations and resources
- Subscribe to an RSS feed to have events posted directly to your calendar or email

Enhanced 25Live Mobile Features Gives Users:

- Responsive design format that conforms to any size screen on a variety of browsers
- The same customized images and colors as the main 25Live desktop version
- Fast location, event and resource searches
- Easy to view event, location and resource details
- Simple event creation – complete all fields on one screen
- Quick task viewing and completion on the go

25Live Publishing Power

25Live incorporates the most advanced event publishing technology available. With 25Live you can post any group of classes and/or events to customized web calendars and other promotion displays, such as bulletin boards, on your website or portal. As you add new classes or events, 25Live's publisher automatically updates the appropriate calendars. In addition to checking calendars and promotion displays, students and other viewers can subscribe to RSS and iCal event feeds, add events to their personal calendar and receive automatic reminder emails or texts.
