

ApplyWeb Application Processing

The Entire Application Submission, Review and Decision Process Online

The *ApplyWeb*® Application Processing system helps you manage every stage of the admissions process, from initial prospect inquiry through application submission and review, to decision notification and response – all online. ApplyWeb is a secure web-based on-demand service hosted by CollegeNET. There's no software for you to install or maintain, and the system is available to applicants and admissions personnel anytime, anywhere via the Internet.

ApplyWeb Application Processing Gives You:

- Customized online forms of all kinds – inquiry cards, admissions applications, housing, parking, administrative workflow forms, and so on – exclusively branded to your institution and built to your information-gathering and tracking requirements
- Online admissions application payment services that allow applicants to pay by credit/debit card or e-check, and can include fee waiver options
- Automatic address verification, which immediately checks any U.S. address entered on an application form against official U.S. Postal addresses, and makes any necessary corrections
- Forms processing and reporting services that facilitate the admissions review process and streamline admissions workflow
- The ability to download submitted form data in a variety of file formats for upload to other systems, such as your student information system, or export to other applications, such as Excel
- Our exclusive *Triggers*® automated actions and *E-Sponse*® email management, which enable automated targeted email or text message communication with prospects, applicants, and your institution's admissions stakeholders
- Our groundbreaking *HumanForm*® technology, which delivers pertinent, personalized information to applicants via your online application
- *NetCounseling*® online help, which offers applicants step-by-step instructions for completing admissions applications via our *NetCounselor*® web-based service.
- A personalized web space for each admissions applicant where they can return anytime to continue work on their application and check the review status of their submitted application
- Optional Applicant Portals (Checklist and Online Decision), which enable applicants to monitor the status of their application materials and view and respond to your admission decision online via a secure, personalized web portal
